Total 7634.60. Remaining 1352.07 to be used for Office Chairs, English Novels, and Supplies for School Supply Closet.

Mrs. Nixon shared that Andrea Lilley was looking into finding us alternate funding for the microscopes which would open up some money, and that Ashley Padgett was looking into funding calculators for NHS.

Motion to Accept Budget: Cushing

Billy Bunn Seconded the Motion with no opposition or abstainments.

Bunch updated his conversations with the **Technology Instructional Committee**. He said technology reps visited him and asked his school votes on what kind of presentation we would prefer. He shared majority wanted the TV/Panel. He shared that he asked about keeping his smart board, and he would maintain it, they said they will all be ripped out if that is voted on. He shared that Ernie is interested in projecting in his shop, and a TV would not maintain with dust. He prefers projection on a wall to sustain the dust. Discussed having a case list for who would like to keep what, or who would like what for when the changes occur.

Boyd started a discussion about building **outdoor learning sites**. Team discussed the outdoor lunch area currently has 22 seats, and the SGA has asked Superintendent Cheeseman for more seats for that area. Team discussed that there is not distraction during lunches with the kids out there, so the learning by the windows would not be an issue. We just don't need to make any changes that would change our landscaping needs for our current landscaping contract.

Discussed replacing picnic tables by the road on the Free Union Church Road side of campus. Talked about Shop Class possibly helping, or looking into Eagle Scout Projects in the area.

Topic changed over to **Yearbook** and how our current landscaping company, based out of Bath, was a big supporter of our Yearbook, and without them and another parent donation, the Yearbook would not have been possible this year. At the time of deadline for asking for yearbook order commitments, we only had 49 books ordered, we now have 90 books accounted for.

Landscaping Unlimited is also donating the use of Southern Acres for our **2021 School Prom. This will be held May 15, 8pm-11:30pm**. This information has to pass through the board first, so it should not be advertised or shared until next week. Because it was donated, the thoughts are not to charge the students to attend the prom this year. Mrs. Nixon discussed the NCToolKit and its grey area around mass gatherings and prom/bonfire. We will know more after the board reviews our plans.

A bonfire is planned for March 25, to celebrate our **March 26 homecoming football game**. Mrs. Alligood is planning, and a local fire department will be involved.

Nixon asked our opinions of the recent **SREB Professional Developments** we have taken part in this year involving a grant through Wendy Pettaway and CTE. Teachers shared that the recent content, Desmos and Flipgrid was old news and had been covered for us many times. Padlet was new content. Nixon shared that 7 staff members will be attending the SREB conference in Nashville TN this summer, and will be meeting with our SREB team to discuss how we would like to move forward with PD Cycle. Right now we are in the Safe Practice stage and will continue there through the end of the year. At the conference we will discuss moving the focus back to Integration of CTE and Core Classrooms.

Graduation will be held Friday , June 4-7:00pm Outside each senior given 6 tickets. If the weather or governor orders do not allow this, we will move it inside and the students will be pushed back to 2 tickets per senior.

Bunch moved to adjourn.

Billy Bunn seconded the motion.
