#### **Action Taken:**

Cheeseman said he wants an incomplete given to students who do not show for the exam. This does not need to be advertised.

Nixon will call those who do not show.

Mentioned the State Mandate that EOCs account for 20% of the final grade.

Discussed that EOC scores sometimes take several days to return.

There was a discussion at the board meeting about attendance. Concern within the board about lack of leniency for work to be turned in for face to face students. That it wasn't fair to the face to face students to have a deadline of 1-2 days when the online get 10 days. Nixon explained that many were confused on how and if attendance and academics were separated. She stated that bell ringers should not go toward their grade. The reasoning is the bell ringer is only a way to mark attendance, and student academic scores shouldn't drop because of attendance.

Nixon stated that she thinks we have been doing fine with our leniency and how we have worked well with the students and their needs.

Garcia shared that he marks his kids present, but then goes in the comment boxes and writes if they were really absent, or if they were online instead of face to face etc.

SIT voted that we were sticking with our 10 day rule for attendance.

The STAE (fifth period) program will begin next academic school year. This will give us time to get a team together to make the plans, and have a smooth roll out. However, Mastery Prep was already purchased, so we are planning to use it during Asynchronous Wednesday as a way to gather data on the students as we head into ACT season.

J. Bunn mentioned that the Curriculum Tech Council is meeting tomorrow 12/10/20, she will represent and bring our document that was sent out by Mr. Bunch that asked teachers to document things that they want and need for their classroom (Tech Hardware). This is in reference to the newly acquired money approved by the board.

Col Stinson made a motion that we adjourn the meeting at 5:00

Billy Bun seconded the motion.
